Here we are already - just one week to go and the last newsletter for Term 1! We've had a busy term, but that's not unusual.

It was great for us to catch up with most of you this week for 3-Way Interviews. If you have any feedback about the interview process, while it's fresh, would you please complete the attached note and return it to me next week.

We are pleased that the MiniLit and QuickSmart maths programs are now in full-swing. The students involved are enjoying the challenges of the programs and are already seeing progress.

Sporting News

All of our Year 4 - 7 students competed in the Athletics events at Nuriootpa High School a fortnight ago. Congratulations to William, who came second in the long jump for his age group!

Next Wednesday Jack and William will be joining boys from Good Shepherd and Light Pass for the next Knock-out Cricket match at Balaklava. They will be competing against Maitland Lutheran Primary School. Good luck, boys!

Oh, and my Wednesday night tennis team won the grand final (no thanks to me!)

National Young Leaders Day

Reports from our Year 7s

On the 20/3/19 the Year 7's went to National Young Leaders Day in Adelaide with Mrs G-B. When we got there people were dancing inside the theatre. We waited for about 10 minutes until the first session started. The hosts introduced Ashley who had a charity called "Straw No More" to save the ocean. Most places in Queensland have stopped using single use plastic straws Ashley could also play the triangle and she spoke about that for a bit.

The hosts introduced the first speaker who was called Rosanna who works on Channel 7 and on Today Tonight and she talked about how she became a TV journalist. Then we went to recess and we saw Phil Cummings and we got a poster with his signature.

After recess we sat back down and Leisel Jones came out. She was a swimmer who talked about how she set goals and kept on going instead of giving up and she taught us how to set good goals.

After that a person from "Cotton On Kids" charity came to speak and told us that the profits from the clothes we buy go to a poor place so they can live better lives. They raised enough money to build a new school and they could build the teachers a new house as well.

Before lunch we played a game to see how many blow up balls the girls could get up on the stage and the boys could get to the back of the room. The girls and boys were facing different ways. At the end the boys got 16 and the girls got 43 so the girls won!

We had lunch after the game and I bought an EMPWR band then we went back in and saw Phil Cummings who spoke about his books and how to write a good book.

Smile for Smiddy

On the 26/3/19 some cyclists came to Keyneton Primary School to talk about the sun and how to keep safe from skin cancer. The main cyclist, Sharky's, best friend died from melanoma a few years ago so he talked to us about what you should wear when you go outside to prevent getting burnt and possibly dying from cancer. After his talk we did some activities and then they all gave us some bands that said **Smiling for Smiddy** on it. Then we asked some questions about their bikes and one bike cost \$25,000. When they all left to go to Nuri we raced them up the bottom fence.
