

Primary student use of mobile phones and personal devices

Purpose

This policy provides direction to students, staff and families about managing mobile phones and other digital devices that students choose to bring to school. Digital devices include, but are not limited to, smartwatches, tablets or laptops that are not part of a separate Bring Your Own Device arrangement. This policy applies while students are at school, or attending an authorised school activity such as an excursion, during school hours.

Mobile phone use for primary school students

The department's position is that primary aged students cannot use their mobile phones and personal devices at school during school hours. The department and the school recognise that there are legitimate reasons for students to bring a mobile phone or personal device to school. This may include:

to ensure their safety while travelling

so that parents can contact them outside of school hours.

During the school day students are not permitted to access or use their mobile phones or other personal devices. Students must switch off or mute their devices before storing them at the beginning of the school day. They will not be able to access their device until the end of the school day.

Storage of personal devices

Students who bring a mobile phone to school will need to hand it up to their front office during school hours.

If the student does not comply

If a student is found using their phone during the school day, they will be reminded of the policy and the phone will be confiscated and stored in the front office. The student will be allowed to collect their phone at the end of the day. Parents will be contacted to notify them that their child has not followed the school policy.

If a student uses their phone during the school day again after the initial reminder, they will be reminded of the policy and the phone will be confiscated and stored in the front office. Parents will be notified, and a parent, caregiver or other nominated responsible adult will need to collect the phone, it will not be returned to the student.

If the student uses their phone for a third time, parents will be contacted and the phone will be confiscated and held at the front office. The phone will need to be collected by a parent, caregiver or other nominated responsible adult. There will be further consequences for the student, in line with the school behaviour management policy. In situations where non-compliance with the policy is persistent, consequences may include suspension and/or the student may be banned from bringing mobile devices to school.
